

## 👤 Summary

Enthusiastic and detail-oriented student with hands-on experience cloud computing and full-stack development. Skilled in building responsive web applications, creating REST APIs, and deploying solutions on cloud platforms. Strong foundation in HTML, CSS, JavaScript, Python/Node.js, and AWS. Eager to apply technical abilities to real-world projects and grow in a professional tech environment.

## 🎓 Education

### Kpr Institute Of Engineering And Technology

B.Tech - Artificial Intelligence and data science, CGPA: 7.6

Coimbatore, Tamilnadu

Sep 2025

## 📊 Skills

**Languages:** Python, Java, Html5, Css, Javascript

**Database:** MySQL, postgresSQL, Mongodb

**Cloud Platform:** Aws, Google

**AI Tools:** Chatgpt, Gemini

## 📁 Experience

### Spotnack

Cloud Computing

Jun 2024 - Jun 2024

Coimbatore, Tamilnadu

- Designed and deployed a cloud-hosted application using AWS (EC2, S3, Lambda, IAM) ensuring efficient performance and security.
- Implemented serverless workflows using AWS Lambda, API Gateway, and DynamoDB.
- Set up virtual machines, configured networking, and monitored resources using Azure Portal.
- Built a cloud-based data pipeline using Google Cloud Storage, BigQuery, and Pub/Sub.

### Pinesphere

Full Stack Development

Jun 2025 - Jun 2025

Coimbatore, Tamilnadu

- Built responsive web pages using HTML, CSS, JavaScript, and Bootstrap.
- Developed basic CRUD applications using Node.js / Express / Django / Flask.
- Created REST APIs to handle user data and simple database operations.

## 🌟 Certifications

- Java Certification
- Python Programming Certification
- Practical Cybersecurity for Cybersecurity Practitioners Certification
- Introduction to Industry 4.0 Certification
